# How It Works

America's Fund Run and how we work!

America's Fund Run provides all your needs to assist your school with a first class fund run. Our steps are as follows:

- Set a Run Date
- Set a Kick-Off Date
- Meet with the Principal for Planning
- Teacher Pep Rally
- Kick off the program
- The 10 Day quest for pledges
- In School Tallies and prize giveaways
- The "America's Fund Run"
- Final collection envelopes 1 week after the run

*We assist you every step of the way!*

# 35

*Interactive Website!*

# Kickoff

We provide the following for your kickoff:

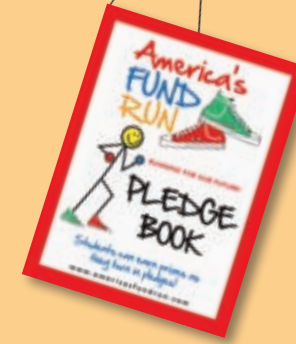

- 1/16 Mile Track
- Water
- Flags & Pennants
- T-Shirts
- Music

# Pledges

Each Child will be provided a pledge book to collect pledges and flat donations for the fund run. Please note the following:

- The average amount of Laps is 35
- If a child receives a pledge for \$1 per lap and the child ended up running 35 laps then \$35 would be owed after the run.

# T-Shirts

*Do your own fund run?*

Call us for T-shirts, Prizes & Supplies!

# Prizes

We encourage students to set goals and to reach an obtainable goal.

America's Fund Run has 8 prize levels for the students to achieve. Goals can be reached with per lap donations or flat donations.

**Please note:**

All prizes are cumulative meaning the child can keep getting an additional prize at the next prize level. Prizes are based on a per lap donation meaning if their Aunt or Uncle donated \$1 per lap then the \$1 per lap would be based on how many laps the child can run. The track is 1/16th of a mile and the average laps that can be ran is 35. A \$1 donation would = \$35

**Flat Rate Donations:** Flat rate donations can be made to the student where the student receives a set \$ amount before the run takes place. The student can collect these funds immediately.

**Prize Level:** To figure out the prize level your child is at you have to add up the per lap total \$ pledged plus you will have to figure out the flat rate donation conversion. To convert a flat rate donation we suggest dividing the total flat rate donations by 25.

**For Example:**

Student has \$10 in lap pledges  
Student also has \$200 in flat rate donations

Total lap pledges would be =  
\$10 in lap pledges  
plus  
\$200/\$25=\$8

Total Lap pledges would be \$10+\$8  
Total = \$18 in lap pledges.  
Look in the corresponding category in the pledge book.
